Subject: Following up with our discussion regarding a Flagstaff field office to serve Navajo Nation

Oliver & Dariel,

Hope all is well and hope I'll see you both at the RTOC in San Francisco in a couple weeks. I wanted to follow up regarding our discussion a Region 9 field office in Flagstaff that could serve the Navajo Nation. You mentioned that you would be sending a letter of support or request from Navajo Nation to EPA headquarters expressing Navajo Nation's support for such an office and your belief that an office is necessary to adequately carry out the mission EPA has in Navajo Nation. I just wanted to circle back and see if the letter went out? I'll be having numerous discussions with various folks in headquarters regarding Navajo Nation issues. I would like to have that letter in hand during these discussions to raise the issue. Thanks again for helping put together the outstanding tour I had of Navajo Nation. It was clearly one of the highlights of my tenure as Regional Administrator.

Best regards,
Michael Stoker
